Happy
Mother's
Day

Last summer, when the power mower was broken and wouldn't run, I kept hinting to my husband that he ought to get it fixed, but somehow the message never sunk in. Finally I thought of a clever way to make the point. When my husband arrived home that day, he found me seated in the tall grass, busily snipping away with a tiny pair of sewing scissors. He watched silently for a short time, and then went into the house. He was gone only a few moments, and when he came out again he handed me a toothbrush... "When you finish cutting the grass," he said, "you might as well sweep the sidewalks...!"

The bride came down the aisle and when she reached the altar, the groom was standing there with his golf bag and clubs by his side. She said, "What are your golf clubs doing here?" He looked her right in the eye--and said, "This isn't going to take all day, is it?"

A grandmother overheard her 5-year-old granddaughter playing "wedding." The wedding vows went like this:
"You have the right to remain silent, anything you say may be held against you, you have the right to have an attorney present. You may kiss the bride."

A feisty 70-year-old woman had to call a furnace repairman. After a quick inspection, the man put some oil into the motor and handed her a \$70 bill for labor. "Labor charges!" she exclaimed. "It only took you five minutes." The repairman explained that his company had a minimum one-hour charge on every house call. "Well, I want my remaining 55 minutes of labor," the lady responded, and she handed him a rake. The repairman spent the next 55 minutes in her yard, bagging leaves.

A middle-aged woman has a heart attack and is taken to the hospital. While on the operating table she has a near death experience. During that experience she sees God and asks if this is it. God says no and explains that she has another 30-40 years to live. Upon her recovery she decides to just stay in the hospital and have major cosmetic surgery: a face-lift, liposuction, tummy tuck, etc. She even has someone come in and change her hair color. She figures, since she's got another 30 or 40 years, she might as well make the most of it. She walks out the hospital after the last operation and is killed by an ambulance speeding up to the hospital. She arrives in front of God and asks, "I thought you said I had another 30-40 years?" God replies, "Sorry, I didn't recognize you."

As the manager of our hospital's softball team, I was responsible for returning equipment to the proper owners at the end of the season. When I walked into the surgery department carrying a bat that belonged to one of the surgeons, I passed several patients and their families in a waiting area. "Look, honey," one man said to his wife. "Here comes your Anesthesiologist."

A young man at his first job as a waiter in a diner has a large trucker sit down at the counter and order, "Gimme 3 flat tires and a couple of headlights."

He goes to the kitchen and tells the cook, "I think this guy's in the wrong place, look at what he ordered!"

Cook says, "He wants 3 pancakes and 2 eggs sunny-side up."

"I get it," replies the waiter. So on his way back out to the counter he takes a bowl of beans to the trucker.

The trucker looks at it and says, "I didn't order this!"

The young man tells him, "I figured while you're waiting for your parts you might as well gas up!"

Dear Son,

Your Pa has a new job. the first in 48 years. We are a little better, off now, getting \$17.96 every Thursday. So we up and thought we'd do a little fixin' up. We sent to Rosemont and Seasbuck for one of them there bathrooms you hear so much about and it took a plumber to put it in shape.

On one side of the room is a great big long thing, something like the hogs drink out of, only you get in it and wash all over. Over on the other side is a little white thing called a sink, this is for light washing, like face and hands, but over in the other corner we really got something. There you put one foot in, wash it clean, pull a chain and get fresh water for the other foot. Two lids come with the darn thing and we ain't had any use for them in the bathroom, so I'm using one for a bread board and the other we framed grandmother's picture in. They were awful nice people to deal with and they sent us a roll of writing paper with it. Take care of yourself son.

Barbie, a waitress, decided to put her matchmaking skills to the test with our mutual friend Mike. She figured that Sandy, another friend who seemed to have much in common with Mike, would be an ideal date. One day Mike came into the restaurant when Sandy was also there. Barbie dragged Mike over to Sandy's table and introduced the two. Then she watched as Mike put his arm around the young woman and said in his best mock-seductive voice, "Hello, Sandy."

"You guys know each other?" Barbie asked.

"We sure do," said Mike. "She's my sister."

John was driving home late one night, when he picked up a hitchhiker. As they rode along, he began to be suspicious of his passenger. John checked to see if his wallet was safe in the pocket of his coat that was on the seat between them, but it wasn't there!

So John slammed on the brakes, ordered the hitchhiker out, and said, "Hand over the wallet immediately!"

The frightened hitchhiker handed over a wallet, and John drove off.

When John arrived home, he started to tell his wife about the experience, but she interrupted him, saying, "Before I forget, John, do you know that you left your wallet at home this morning?"

This Weeks Riddle

A boat has a ladder hanging off the side that has six rungs. Each rung is one foot apart. The bottom rung is one foot from the water. The tide rises at 12 inches every 15 minutes. High tide peaks in one hour. When the tide is at its highest, how many rungs are under water?

I am the ruler of shovels. I have a double. I am as thin as a knife. I have a wife. What am I?

Answer next paper:

Two men went hunting. Joe had been hunting all his life, but Steve was hunting for the first time. Joe told Steve to sit down and not make a sound. So he did.

But when Joe got 100 yards away, he heard a scream. "I thought I told you to be quiet!" he said.

"Well, I was when the snake bit me," said Steve. "And I was when the bear attacked me... but when the two chipmunks crawled up my pant leg and said, 'Should we eat them or take them with us,' I screamed."

A high-school student came home from school seeming rather depressed.

"What's the matter, son," asked his mother.

"Aw, gee," said the boy, "it's my marks. They're all wet."

"What do you mean, 'all wet'?"

"I mean," he replied, "below C-level."

A unit in sex education was about to begin, and each student had to bring in a permission slip in order to take it. A boy handed in his slip and explained to the teacher, "My mom says I can take the course as long as there's no homework."

An old school director made it to a practice to visit each class one day a week. He walked into the 4th grade class, where the children were studying the states, and asked them how many states they could name. They came up with about 40 names. He jokingly told them that in his day students knew the names of all the states. One lad snickered, "Yes, but in those days there were only 13"....

A little girl was talking to her teacher about whales. The teacher said it was physically impossible for a whale to swallow a human because even though a whale is a very large mammal, its throat is very small. The little girl stated that a whale swallowed Jonah. The teacher reiterated that a whale could not swallow a human, it was impossible. The little girl said, "When I get to heaven I will ask Jonah".

The teacher asked, "What if Jonah went to hell?" The little girl replied, "Then you ask him!"

Twins: Buy one, get one free.

A Sunday school teacher was teaching her class about the difference between right and wrong. "All right children, let's take another example," she said.

"If I were to get into a man's pocket and take his billfold with all his money, what would I be?" Little Johnny raises his hand, and with a confident smile, he blurted out, "You'd be his wife!"
